March 11, 2008

Important Notice

Dear Ewing Street Neighborhood Residents:

A neighborhood meeting will be held on Tuesday, March 18, 2008 to discuss and coordinate the installation of a new 8" water main along Ewing Street.

The meeting has been scheduled for 7:45 PM in the Community Room of the Township Municipal Building, 400 Witherspoon Street. All interested residents are invited to attend.

The items to be discussed at the meeting include the plan and construction schedule for the watermain installation to be completed by the New Jersey American Water. The 8" waterline construction is anticipated to begin in mid-May and be completed in 6-8 weeks.

Representatives from the Township Engineering Department, Police Department, and the New Jersey American Water Company, will be available to discuss the project and answer any questions you may have.

Residents are advised that the Township will be imposing a 5-year moratorium on any street openings once the work is completed. Therefore, if you to plan to upgrade or install new utility services such as gas, water, electric, etc., you should contact the respective utility company at this time to make the necessary arrangements.

I invite you to attend this meeting to view the proposed improvement plans and to discuss any concerns you may have regarding this project.

Sincerely,

Phyllis L. Marchand
Mayor, Princeton Township
