

Princeton Township has begun a new program allowing it's residents to give permission to their Landscaper to take brush, logs and leaves directly to the Lawrence Twp. Ecological Facility at 3701 Princeton Pike. Residents can have their landscaper haul the brush, logs and leaves to the Eco. Facility using the Resident Permission slip below. There is no charge to landscapers. The slip can also be used in the spring for brush removal. NOTE: LOGS MUST BE NO GREATER THAN 6" DIAMETER.

=====
