

July 9, 2008

Important Notice

Dear Valley Road Neighborhood Residents:

A neighborhood meeting will be held on Wednesday, July 16, 2008 to discuss and coordinate the installation of a new watermain along Valley Road.

The meeting has been scheduled for 7:00 PM in the Main Meeting Room of the Township Municipal Building, 400 Witherspoon Street. All interested residents are invited to attend. Items to be discussed at the meeting include the construction schedule for the new 8" watermain and water services, to be completed by New Jersey American Water Company. The work is anticipated to begin in mid July and be completed by August 29, 2008, weather permitting.

Representatives from the Township Engineering Department, Police Department and the New Jersey American Water Co. will be available to discuss the project and answer any questions you may have.

Residents are advised that the Township will be imposing a 5-year moratorium on any street openings once the resurfacing of this street is completed which is planned to occur in the summer of 2009. Therefore, if you to plan to upgrade or install new utility services such as gas, water, electric, etc., you should contact the respective utility company at this time to make the necessary arrangements.

I invite you to attend this meeting to view the proposed improvement plans and to discuss any concerns you may have regarding this project.

Sincerely,

Robert V. Kiser, P.E.
Township Engineer
