Lower Mountain Lake as viewed from the Lower Spillway (looking west) 7/27/10

July 29, 2010 Project Update

- ❖ **Compass Construction will begin to truck the dredged material off-site this week. Motorists, pedestrians, and bicyclists are advised that many dump trucks will be entering and exiting the Mountain Lakes Preserve from Route 206 (State Road) and Mountain Avenue. Please use caution when traveling in the vicinity of the Mountain Lakes Preserve driveway at 57 Mountain Avenue.**
- ❖ **Princeton Hydro has been actively capturing and relocating fish including crappie, eels, crawfish, catfish, and shiners.**

Catfish ready for relocation

Crappie ready for relocation

Please contact the Engineering Department at 609-921-7077 for further information regarding this very important Township project.
